MESSAGE FROM CPM

Dear Readers,

Since last 24 years, Sindh Education Management Information System (SEMIS) Wing of Reform Support Unit (RSU) has been involved in collecting data of the schools. It is indeed a moment of fulfillment for RSU to announce the completion of the 24th Annual School Census 2014–15.

This is a pursued practice every year to publish a complete profile of schools in Sindh with key indicators after the culmination of the Annual School Census exercise. This effort is made to facilitate the policy makers, resource persons, donors and other stakeholders in translating data into effective policy development and assessment of the ongoing projects. Continuing this practice, we are hereby publishing on overall Profile, the Annual School Census 2014-15 to form a statistical base for improving service delivery in education.

Being the Chief Program Manager, I assure to extend maximum cooperation and relevant assistance to all the donors and stakeholders involved, primarily the World Bank - our Education partner, for which I am highly indebted with my expectation to put the findings from this census to a meaningful use.

This prominent effort would have never been accomplished without the genuine efforts of RSU-SEMIS team for which they deserve high applaud. Annual School Census is a yearlong exercise and demands a chain of inputs to complete the activity. I am thankful to District Administration, specially DOs (SEMIS) of all the districts and other District Education Officers, Directors School Education, DOs (Primary / Elementary / Secondary / Higher Secondary), all Supervisors, Heads of schools, Data Entry Operators and other officers for their assistance in the process of data collection and entry of the ASC forms.

I sincerely hope that this data will be instrumental to all the stakeholders in improving the policies for Education at provincial level, and I wish that our efforts churn out with significance in contribution to the ultimate goal of improving Access, Governance and Quality of Education in Sindh.

Faisal A. Uqaili

Faisal Ahmed Uqaili,
Chief Program Manager,
Reform Support Unit.
Education & Literacy Department,
Government of Sindh.

MESSAGE FROM SEMIS TEAM

Acknowledged,

RSU-SEMIS Team presents 24th Annual School Census (2014-15) Profile. The Profile is developed after completion of an intense process of data collection, data entry, cleaning and compilation.

Every year SEMIS team with the support of their District Officers (SEMIS), District Coordinators and Field Supervisors collects and verifies government schools related information, across Sindh province.

For accuracy and timeliness, an in-house online application is developed by RSU-SEMIS technical team. Through this application district - wise entries can be seen online. This exercise has turned out to be very cost effective.

We, as an important component of Education & Literacy Department believe that this Profile shall be of great use for identifying the issues and for the development of policy for the education sector.

We take this opportunity to thank our Worthy Secretary Dr. Fazlullah Pechuho, Chief Program Manager Reform Support Unit, Mr. Faisal Ahmed Uqaili and our team in the districts.

About Sindh Education Management Information System (SEMIS)

1. Background

Annual School Census (ASC) exercise was initiated in 1991 with a purpose to collect data and develop information bank for Educational Planners, Managers and policy/decision makers for effective and goal-oriented policy-making in Education Sector.

In the Year 2006, RSU was established to execute the Sindh Education Reform Program (SERP). The Organizational Structure of RSU comprises of three wings; 1.Policy wing, 2. Monitoring & Evaluation wing and 3. Sindh Education Management Information System (SEMIS) wing.

The SEMIS Directorate was merged with the Reform Support Unit (RSU) specially to develop a framework for the reform assistance across the Sindh Province. With this development, the roles and responsibilities of District Officer (DO) SEMIS with many other stakeholders increased manifold. The emerging role of DO SEMIS required to supervise and coordinate the activities of additional offshoots of RSU like Girls Stipend Program, Distribution of Textbooks, School Rehabilitation Program and others apart from regular SEMIS initiated traditional Annual School Census (ASC) exercise. DO SEMIS virtually acts as a "focal person" and a right arm of RSU and to play the role of a bridge between District and Province.

The purpose of Sindh EMIS wing is to prepare timely and accurate data of students, teachers, schools and other facilities.

2. Objective of Sindh Education Management Information System (SEMIS)

The Sindh-EMIS is a structured, scheduled and managed system for collecting, processing and retrieving information about the three main components: School profile, Student Enrollment and Staff information. It also generates all the statistical data, reports and queries.

The core objectives of SEMIS are:

1. To conduct Annual Institutional Census and producing Educational Statistics of Sindh Province.
2. To provide reliable & timely Information to Educational Researchers, Planners, Administrators & Donor agencies by generating readymade data for effective Educational Planning and Management.
3. To develop coordination with donors & other organizations working in Education Sector for reform purpose.

3. Data Collection of Schools

ASC exercise comprised of four phases mentioned below.

1. Preparation
2. Execution / Data collection
3. Production
4. Dissemination

In the current year, Annual School Census 2014-15 data for Primary, Middle and Elementary Schools was collected through selected Supervisors for Primary Education (SPEs) in 29 districts. SPEs filled the given proforma as per reference date October 31, 2014 by visiting each and every school (*list of all schools along with the SEMIS code embossed Proformas provided by RSU SEMIS wing*) as per given list. After completing the data collection survey SPE filled the checklist (*summary sheet included four core indicators, 1.School Status, 2.School enrollment, 3.Working Teachers and 4.Classrooms*) and handed over a complete bunch along with the summary sheet to Assistant District Officer/Taluka Education officer Male/Female (ADO/TEO M/F). The ADO/TEO (M/F) submitted all Taluka forms to the DO SEMIS & Planning through DO Elementary.

For Secondary & Higher Secondary Schools, all Headmasters filled online proforma as per reference date October 31, 2014 in 16 districts, while in 8 districts HMs filled proforma and submitted to District Officer Secondary& Higher Secondary (DO Sec & H. Sec). The DO Secondary & H. Secondary filled the checklist (*summary sheet included four core indicators, 1.School status, 2. School enrollment, 3.Working Teachers and 4.Classrooms*) and handed over the forms to the DO SEMIS & Planning through TEO *(Taluka/Town Education Officer*) Secondary.

DO SEMIS & Planning filled the district level Checklist (*summary sheet included information about photocopy of three evidence attached 1-CNIC for each teacher, Students Attendance Register and Teachers Attendance Register and also four core indicators, 1.School Status, 2.School enrollment, 3.Working Teachers and 4.Classrooms*) and handed over all proformas along with district level checklists to the Program Officer SEMIS (PO SEMIS) at RSU Karachi Office.
