

No. RSU/ Publications/1(2)2010-11
Government of Sindh
Education and Literacy Department
Sindh Education Reform Program
Reform Support Unit
Karachi, dated October 25, 2010

Public Notice

In order to consolidate an ever growing Education sector, the Education Department has initiated an exercise to map out non-viable schools in the province of Sindh, based on the list of closed schools reported in the Annual School Census 2009-10 period.

As a result, districts have provided a list of 1158 non viable closed schools. The list of these schools is being published for the general public to provide comments or objections before removing schools from the data bases and district records.

Please forward all comments/objections on the list of Non Viable Schools to Reform Support Unit, NJV High School Building, M.A Jinnah Road, Karachi by November 10, 2010. Any school which does not receive any objection/comments will be deemed as Non Viable and will be deleted from SEMIS as well as from District record. All comments/objections received will be further evaluated and determination on viability of schools will be made based on the school information.

Parvez Ahmed Seeher
Chief Program Manager
Ph: # 021-32779323
